EDUCATION

- **Nazarbayev University** Astana, Kazakhstan
Nazarbayev University Foundation Year Program Aug 2019 - May. 2020
- **Nazarbayev University** Astana, Kazakhstan
Bachelor of Computer Science Aug 2020 - May. 2024 (Present)

EXPERIENCE

- **Digital Almaty** Astana, Kazakhstan (remote/freelance)
FrontEnd Development
HTML / CSS / JavaScript
 - Developing modal windows for website

PROJECTS

- **Music Player Application** Astana, Kazakhstan
React Js Dec. 2022 – Jan. 2023

Developed music player application which you can use it to listen to music offline. Interesting animations have been added, in addition to this, the application is fully mobile-friendly. During the development of this application, I learned to use such hooks as useRef, useState and useEffect.
- **‘Capture’ business website** Astana, Kazakhstan
React Js, Framer Motion

Another project I developed on React Js. This is a multi-page business website where you can offer your services, show your work and give people the opportunity to contact you. During development, I learned how to use React Router, and also consolidated my knowledge of react Hooks. Framer Motion was also used, ready to create a library of movements for React from Framer to create beautiful animations on this site.

ACHIEVEMENTS

- **JavaScript Completed Course** Astana, Kazakhstan
- **The Complete Web Development Bootcamp** Astana, Kazakhstan

PROGRAMMING SKILLS

- **Languages:** JavaScript, C, C++
- **Technologies:** React Js.
- **Knowledge:** Algorithms, Data Structures, Computer Networks.
